### Step #1: Choose Instructional Setting

In - Person

Virtual

We acknowledge that making a learning mode decision in February for the fall is difficult given the large number of unknowns. Therefore, only families who select the in-person option will have an opportunity in July to change to the full-time virtual option. For staffing purposes, no changes can be made from virtual to in-person. *If you have doubts or questions, please select the in-person learning option as you will not be able to switch from the virtual option to the in-person option in July.*

**Courses** All 8<sup>th</sup> grade students are enrolled in the following courses:

Required Courses:		Elective Courses:
English (Full year course)	Social Studies (Full year course)	Students must select 5 semesters of elective courses from the elective course list below.
Science (Full year course)	Math (Full year course)	
Physical Education (Semester course, 2 quarters)		

The Middle School Program Guide can be found at [bluevalleyk12.org/Academics/Middle School](http://bluevalleyk12.org/Academics/Middle%20School)

## Important Points to Consider

This document is used to create your class schedule. We work hard to enroll each student in the classes that have been selected and strive to give students their top elective choices. However, class size, staff availability, and time slots may impact the student's schedule.

Please review the following checklist prior to turning in your completed form.

- Select one math course.
- Review the elective course list.
- If your student has an IEP, please consult your child's case manager before completing the enrollment form.
- **Thoughtfully rank the additional elective courses.**

If you have any questions, please contact your 2021-2022 counselors:

### **Dear Families:**

As we begin the enrollment process, we want you to be aware of the math progression as a student transitions from elementary to middle to high school. The chart below details the math progression from 5<sup>th</sup> grade math into high school.

The requirement for graduation from a high school in the Blue Valley School District is 3 credits (6 semesters of passing grades) in math courses at the high school. Pre-Algebra does not count towards Board of Regents requirements.

For Board of Regents qualified admissions into a Regents' University, students graduating from an accredited Kansas High School must have an ACT score of 21 or higher or an SAT score of 980 or higher, or complete 4 credits of Math including Algebra 1, Geometry, Algebra 2, with one unit taken in the graduating year.

#### **Considering Moving to Advanced Math?**

Students may move from Integrated Mathematics 6 to Advanced Integrated Mathematics 7 or from Integrated Mathematics 7 to Algebra 1. Some students become more developmentally ready for **advanced** math classes as they mature and grow; so, a move to an advanced class the following year is possible, but the following considerations are highly-recommended in order to best ensure success in the advanced course:

- There are two distinct curricula for regular and advanced classes, so moving to an advanced class **will create some learning and knowledge gaps**.
- This gap will have to be addressed on the student's time before the beginning of the following school year. **Students may fill this gap by attending a summer course that Blue Valley offers.** Costs will be determined by summer school.
