

# WINTER 2024 FOR-CREDIT WORKSHOP

The University of Saint Mary Overland Park Campus offers a range of for-credit teacher workshops throughout the year. Enroll to grow in your profession, fulfill a prerequisite requirement, meet licensure requirements, or learn for the sake of learning.

**EDWRK 600 06S 1 Special Topic: STEM-ulating Learning: Engaging Students with Hands-On Activities Throughout the Year**

## **EDWRK 600 06S 1 Special Topic: STEM-ulating Learning: Engaging Students with Hands-On Activities Throughout the Year**

We know educators often plan weeks in advance to provide hands-on STEM activities to engage students in relevant science, math and engineering concepts that support their standards. In this workshop, we will provide you with a MULTITUDE of resource ideas for incorporating STEM content into holidays, seasons, annual activities and special events throughout the year. We will also build understanding in the best instructional practices to use while inspiring students to use creativity and innovation in the classroom. Be prepared for a hands-on, experiment-filled and fun workshop where we will explore a variety of STEM activities that will take you through the entire school year and beyond!
