READING AN ELEVATION MAP

The map below shows the elevation of China. Study the map and the map key. Then put an X next to each sentence that is correct. For help, you can refer to pages G4-G11 in your textbook.

1. The map of China is a physical map.
2. The elevation along the eastern coast of China is about 7,000 feet.
3. The southwestern part of China is higher than 13,000 feet.
4. The capital city of China has an elevation between 0 and 500 meters.
5. The city of Lhasa has a much lower elevation than Shanghai.
6. Shanghai and Beijing have about the same elevation.
7. The elevation of most of China is less than 700 feet.
8. The elevation of China increases as you travel west.
