Blue Valley families planning to apply for Free and Reduced meal benefits may do so online through [EZMealApp.com](http://EZMealApp.com). While families planning to apply for meal benefits this year are encouraged to do so online; paper applications will also be available for eligible families on the District website, at the Food and Nutrition Services office (14950 Metcalf Overland Park, KS 66223) and at all Blue Valley schools. Families may request an application be mailed directly to their home by contacting the Food and Nutrition Services office at (913) 239-4106. The Free and Reduced Meal Program is an annual program and a new application is required each school year.

Households receiving Food Assistance (FA or SNAP) or Temporary Assistance to Families (TAF or TANF) will be notified that their children will be provided free benefits unless the household notifies the school that it chooses to decline benefits. Households receiving assistance under these programs should submit an application only if they are not notified of their eligibility by September 27, 2019. If a household receiving FA, SNAP, TAF, TANF or Food Distribution Program on Indian Reservations (FDPIR) completes an application, the children's names, the FA, SNAP, TAF, TANF or FDPIR case number, and the signature of an adult household member must be provided.

Participants in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) may be eligible for reduced price or free benefits. Households with WIC participants should complete an application as described above.

Households with children who are enrolled in the Head Start or Migrant Education Program or who are considered homeless or runaway by the school district's homeless liaison should contact the school for assistance in receiving benefits.

Foster children who are under the legal responsibility of a State child welfare agency or court, are eligible for free meals, regardless of income. The state must retain legal custody of a child. Households will be notified that the foster child(ren) will be provided free benefits unless the household notifies the school that it chooses to decline benefits. Free eligibility is NOT extended to other students in households with foster children, but households with a foster child(ren) can submit an application and list all household members including the foster child(ren). A foster family application could result in different eligibility for family members, such as the foster child(ren) free and the other students could be reduced, free or not eligible for benefits.

Households not receiving Food Assistance (FA or SNAP), Temporary Assistance to Families (TAF or TANF) or Food Distribution Program on Indian Reservations (FDPIR) apply for benefits by completing one application for all children in the household. The application must list names of everyone in the household; the amount of income each household member now receives; source of income; the last four digits of the Social Security number of the household member who signs the application or a statement that the household member does not possess one; and the signature of an adult household member certifying that the information provided is correct. The information is confidential and will be used only for the purpose of determining eligibility. The eligibility status may be verified at any time during the school year by school or other program officials.

Under provisions of the reduced price and free benefit policy, the Determining Official will review applications and determine eligibility. Parents or guardians who are dissatisfied with the ruling of the official may wish to discuss the decision with the Determining Official on an informal basis. Parents wishing to make a formal appeal may make a request either orally or in writing for a hearing on the decision. Contact the school district or private school for the name, address and phone number of the Hearing Official and information about the hearing procedures. If a household member becomes unemployed or if household size changes, the household should contact the school. Such changes may make the child(ren) in the household eligible for reduced price or free benefits if the household income falls at or below the levels shown above.
