

Notification of Rights under the Protection of Pupil Rights Amendment

The Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes and certain physical exams. These include the right to:

1. Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”), but only if the survey is funded in whole or in part by a program of the U.S. Department of Education.
 - Political affiliations or beliefs of the student or student's parent;
 - Mental or psychological problems of the student or student’s family;
 - Sex behavior or attitudes;
 - Illegal, antisocial, self-incriminating, or demeaning behavior;
 - Critical appraisals of others with whom respondents have close family relationships;
 - Legally recognized privileged relationships, such as with lawyers, doctors or ministers;
 - Religious practices, affiliations or beliefs of the student or parents; or
 - Income, other than as required by law to determine program eligibility.

2. Receive notice and an opportunity to opt a student out of
 - Any other protected information survey, regardless of funding;
 - Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings or any physical exam or screening permitted or required under state law; and
 - Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

3. Inspect, upon request and before administration or use
 - Protected information surveys of students;
 - Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under state law.

In consultation with parents, Blue Valley School District has developed and adopted policies regarding these rights, as well as procedures to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Blue Valley will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Blue Valley will also directly notify parents of students who are scheduled to participate in the specific activities or surveys covered by PPRA, through the U.S. mail or e-mail. The school will also provide an opportunity for parents to opt their children out of participation of the specific activity or survey.

If the school has identified the specific or approximate dates of the activities or surveys at the beginning of the school year, Blue Valley will provide notice to parents at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.

The following is a list of the specific activities and surveys covered under this notification requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by the Department of Education.
- Any nonemergency, invasive physical examination or screening as described above.

Parents who believe their rights have been violated may file a complaint with:
