

Blue Valley School District
Health and Wellbeing
Board of Education Advisory Committee
2023-2024

OBJECTIVES

On-going general objectives for the Committee include the following.

The Committee will:

1. Engage in facilitated discussions on topics related to student and staff health and wellbeing.
2. Learn about health and well-being programs and support available to students and staff.
3. Provide perspective and recommendations on topics related to the health and wellbeing of students and staff.
4. Share with community and staff information that is learned about the health and well-being services in the areas of counseling, health services, social worker, and student wellness.
