Create an Account

1. [Download the Instagram app for your mobile device.](#)
2. Select Sign Up to create a new account and enter your email or phone number. You can also log in with Facebook.
 - To create an account you must do this from the mobile app not the computer or iPad app.
3. Enter in your information. Your username will be how people find you.
4. You will then be prompted to connect with Facebook, search for contacts and follow users.
 - These are all optional. Choose Skip to ignore these options.
 - To open these options later, select the Settings gear followed by Follow People.

Toolbar

Instagram Direct

Instagram Direct lets you exchange threaded messages with one or more people and share posts you see as a message.

1. Select the Home icon from the toolbar.
2. Select the drawer icon in the right corner.

3. Tap the + sign to send a photo, video or message.

Find Photos

1. Select the magnifying glass icon.
2. Tap the Search bar at the top.
3. Choose between top, people, tags (hashtags) and places.

Take and Share Photos

1. Select the Photo icon in the center of the toolbar.
2. Choose Library to use a photo from your camera roll, photo to take a picture, or video to record a video. After selecting your photo/video, select Next.
3. Options appear to adjust the filter at the bottom. Select Next.
 - Adjust other settings by selecting the wrench icon at the top.
4. Choose to add a caption, tag people, add location and share on other social media sites.
 - Select Direct at the top if you wish to direct message instead of sharing with followers.
5. Select Share after all adjustments have been made.

View Activity Feed

1. Select the speech bubble with a heart.
2. Select Following to view your follower's activity.
3. Select "You" to view your activity and notifications.

View Profile/Settings

1. Select the person icon.

2. Select Edit Profile to change your profile picture or username.
3. View followers and those you are following by selecting the words at the top.
4. All posts (pictures/videos) will appear by scrolling down.

5. To view your photos, select the person with the box around it icon.
6. Select the Settings gear to make your account private.
 - When your account is private, only people you approve can see your photos and videos on Instagram.
