

Math Acceleration Timeline 2024

January/February

- If a **teacher** wants to recommend a student for acceleration, the teacher will request a link and complete the Google form by **March 1, 2024**. All information will be collected and sent out to parents along with a permission slip for their child to take the screening exam.
- To make a **parent request**, the parent must contact Terrie Farrell, via email at tfarrell@bluevalleyk12.org. The parent will then be sent a link and activation code to complete the parent recommendation Google form by **March 1, 2024**.

****The Google form will NOT open until February 1, 2024.****

March

- The electronic parent permission slip to take the screening exam is due by March 7, 2024.
- The screening exam will occur in a student's home building and will be administered by the building's instructional design coach sometime between March 18 and April 4, 2024.

April

- Screener results will be sent from the district, via email, to parents by April 9, 2024.
- Building administrators will be notified of screener results by the district, via email, by April 9, 2024.
- If a student passes the screener, the student's parents will receive a new permission slip to take the remaining exams. These are due by April 19, 2024.
- On April 24, 2024, the acceleration exam will be administered in the student's home school by the building's instructional design coach in the morning.

May

- Administrators and parents will be notified of acceleration results, via email, on Friday, May 10, 2024.
- No re-tests will be administered during the summer or during the subsequent school year unless a student is new to the district.
- Affected schools are made aware of transportation needs.

For questions, please consult the district website.
