

## MIDDLE SCHOOL Math Acceleration Timeline 2021

### January/February

- If a teacher wants to recommend a student for acceleration, the teacher will request a link from their IDC or Holly McCarty and complete the Google form by February 26, 2021. The math coordinator, Holly McCarty, will collect the information and send out emails and permission for the screener testing to parents.
- To make a parent request, the parent must contact the math coordinator, Holly McCarty, via email at [hamccarty@bluevalleyk12.org](mailto:hamccarty@bluevalleyk12.org). The parent will then be sent a link and activation code to complete the parent recommendation Google form by March 5, 2021.

### March

- The electronic parent permission slip to take the screening exam is due on March 10, 2021.
- **In-person and virtual middle school learners** will take the one-hour screening exam in the morning at Hilltop Conference Center on Thursday, March 25, 2021. Students will be assigned a testing time once they have completed registration. (All safety COVID protocol will be followed.)

### April

- Screener results will be sent from the district, via email, to parents by April 9, 2021.
- Building administrators will be notified of screener results by the district, via email, by April 9, 2021.
- If a student passes the screener, the student's parents will receive a new permission slip to take the remaining exams. These are due on April 16, 2021.
- For **in-person and virtual middle school learners**, acceleration tests will be administered at Hilltop Conference Center by district coordinators/leaders from 9:00 am - 12:00 pm on April 30, 2021. (All safety COVID protocol will be followed.)

### May

- Administrators and parents will be notified of acceleration results, via email, on Friday, May 14, 2021.
- No re-tests will be administered during the summer or during the subsequent school year unless a student is new to the district.
- Affected schools are made aware of transportation needs.

**Students will need to test in person with mitigation factors in place. There is not an online option for these assessments.**

**For questions, please consult the district website.**
