## OPTIONAL CLASS PLACEMENT FORM-DUE APRIL 14TH!

One of the biggest concerns of most parents is classroom placement each year for their students at school. I'm sharing our current procedure for placing students in classes with that in mind.

In the spring, current grade classroom teachers, building learning specialists, the counselor, and the principal meet to discuss student needs and form initial classes for the upcoming year. There are always changes during the summer due to new students that may enroll. With 400 students to consider at Prairie Star Elementary, we take this task very seriously to end up with classes where students can thrive. We work hard to develop classes that include:

- A mix of boys and girls
- A range of academic abilities
- Compatible student personalities
- Overall class sizes that are approximately equal across the grade level

Parent input in this process is undoubtedly welcome if parents want to share information about their child that we might not already know. The parent input form (attached) has been designed for this purpose. Parents who complete the optional input form will need to have the form **completed and turned in to the office by April 14, 2023.**

Although current-year teachers are involved in the process, they should not be put in the difficult position of discussing next year's teachers. Our staff members know each other well on a personal basis, but few have first-hand knowledge of the teaching style of a colleague. Parent and teacher input is essential, but the administrator makes final classroom placement decisions.

Our common goal is to make the school experience the best for every child. Prairie Star Elementary is fortunate to have excellent teachers who put children first. We pledge to do all we can to create a positive learning experience for your child and family.

Sincerely,  
Stacey Sperry

If you cannot attend, those students will step back in the front doors and to class and be dismissed as usual. This will allow us to keep everyone safe during dismissal and enable you to spend time with your child on the last day at PSE.

Grades K-4 will be dismissed starting at 11:35.

## SCREENAGERS DOCUMENTARY

The Blue Valley Educational Foundation generously funded a grant for the Elementary School Counselors in the Blue Valley School District to host a **FREE** screening of the movie Screenagers with a discussion to follow. Our goal is for parents to feel more confident and better equipped to establish balance around screen time after this event.

Screenagers is a documentary about the impact of the digital age on children and how to help families minimize harmful effects and find balance. Screenagers is the first feature documentary to explore the impact of screen technology on kids and offer parents and families proven solutions that work. This includes a roadmap for introducing your kids to

smartphones and social media, and time for parents to interact about challenges they are facing – no matter what age or stage your kid is at in the process. The content is designed for adults only, but will give you practical ways you can talk to your kids about this topic.
