Reminder no school on Monday, April 24th

Register for the 2023-24 school year today

[Middle school registration](#) for the 2023-24 school year is open and [online now](#) for current students and families. Registration is required annually and is the time to update your child's information (phone, email, emergency contacts, health information, etc.). At this time, you have access to pay all required fees with the exception of course fees. Course fees will be assigned in September. Completing registration now confirms that your child will attend school in August and helps the district appropriately staff classrooms. Thank you for providing important information as part of the registration process. For more information about registration, visit www.bluevalleyk12.org/registration.

Happy Earth Day!

PLEASE SEE MORE DETAILS in the attachment

7th Grade Families, Reminder, ELA MAP Testing

We are going to be ELA MAP testing on an alternate schedule next week.
Your student will be testing on Tuesday and Wednesday from 10:15-11:38.

If your student has an appointment during that time, please let us know.

We understand it overlaps with 7th grade band students' festival and are working with Mr. Solomon to get them tested later in the week.

Thanks for your understanding!

ELA program in Blue Valley

Walking into an English Language Arts (ELA) classroom in Blue Valley today might look different than when students' parents were in school. Today, ELA classes take a different approach allowing students to choose what they are reading, participate in small group discussions and develop a love for reading. These subtle changes have made a world of difference in how Blue Valley middle and high school students think about reading and writing.

The district's 6-12 ELA program through the years has morphed to meet state curriculum standards. But Blue Valley has also set parameters and two-fold goals for the program – students will leave as passionate writers and authentic readers.

“When we talk about passionate readers, that means we want them to not only love to read for pleasure and joy and to have books that they know they like to read, but they can handle the complexity and have the stamina to read any text they encounter,” said Abigail Crane, a Blue Valley instructional design coach.

Learn more about Blue Valley's ELA program in this [Learning Connection story](#).

From the Nurse

Allergy season is here! As a reminder, since most allergy medications are only taken once a day, allergy medication is *not* stocked in the nurse's office. If your student requires allergy medication, please make sure they are taking it at home!
