

LMS Parents and Guardians,

As we prepare for the 2020-2021 school year I want to take a moment and “Welcome” our new families to our school community. To our existing parents and guardians, we are looking forward to continuing working with you in the coming school year to make Leawood Middle School a great place for our students and community.

Our school will focus on individual student growth both in a student’s academic performance and in personal habits. Our staff strives to make meaningful connections with students in a safe and orderly school environment. The staff is committed to professional growth and will collaborate to implement effective instructional strategies that focus on students developing future ready skills such as critical thinking, collaboration, creativity and communication. In addition, we will encourage every student at LMS to become involved in school activities that helps further develop the critical life-long habits. We strive to partner with our parents and guardians so together we can help every child be successful.

We appreciate your involvement in our student’s lives at Leawood Middle. While we offer great support to our students, the support and encouragement they receive at home is most important. In addition, we offer many opportunities for you to be involved and engaged in our educational community. The educational process at LMS is a collaborative effort among administration, staff, students, parents and community.

I hope everyone continues to stay healthy and safe. I look forward to meeting each of you and working with our staff to provide your child(ren) an education that meets each of their individual needs.

Educationally Yours,

Chris Legleiter, Principal
