

*BIOLOGY OR
HONORS
BIOLOGY*

Choosing the best-fit biology class for you at Blue Valley Southwest High.

*What is
an honors
student
like?*

Honors students set themselves apart by their love of learning, quality and quantity of work, and constantly striving for excellence.

Now, rate yourself on a scale from 1-10

10 = "This is totally me."

1 = "This is not me at all."

*What is
an honors
student
like?*

Honors students often view science as their future vocation or calling, as opposed to merely fulfilling a graduation requirement.

Now, rate yourself on a scale from 1-10

10 = "This is totally me"

1 = "This is not me at all."

*How is
honors
biology
different
than
biology?*

Honors covers more information, at a deeper level and this means more research to develop reading and writing skills which leads to an increase in expectations to complete work outside the classroom.

Now, rate yourself on a scale from 1-10

10 = "I am totally prepared for this."

1 = "I am truly not prepared for this."

*What is
your self-
rating on
these
criteria?*

Scored >24 : You are encouraged to choose Honors Biology.

Scored 20-24: You have a tougher choice, so talk more with your parents and science teacher.

Scored <20 : Regular biology will likely fit you better as honors will likely frustrate you or even overwhelm you.
