

September 6, 2011

Dear Student(s) and Parent(s):

This is an invitation to all 5<sup>th</sup> grade students to participate in the MTE Bulldog Choir for the 2011-2012 school year. The choir is for those students who enjoy singing and having fun at the same time!

The choir will be practicing on Tuesday and Thursday mornings from 7:50-8:20 beginning September 13, 2011. The first week, everyone will attend practice. Parts will be assigned, then for several weeks, Part I will practice on Tuesdays and Part II will practice on Thursdays. When a performance draws near, everyone will come to both practices again. **A specific first semester rehearsal calendar will come home the first week of practice.** Students eating breakfast at school and participating in safety duties or broadcast center responsibilities will be dismissed from choir in time to do those things.

Because it is still early in the year, only two performance dates are currently scheduled. In December, the choir will perform at Crown Center, and in February, we'll perform at the district feeder festival. Specific dates and additional performances will come later in the semester. Most communication will come through e-mail, so please provide your e-mail address below.

By signing the consent form below and turning it in to the music room by September 9, 2011, you are agreeing to be a part of the Bulldog Choir. I'm looking forward to a fantastic year in choir! I can't wait to get started!

Sincerely,

Lynette Pfingsten
