Attendance Notifications and Reporting

Families can expect automated attendance messages by email, phone, and text if a child is absent and their absence has not already been reported by a parent/guardian. It is the responsibility of the parent/guardian to report an absence or reply to the automated email or phone message.

What is the purpose of attendance notifications?

We realize that students may occasionally need to miss school for planned absences, illnesses, and appointments. However, when a student does not arrive at school or unexpectedly misses a portion of the school day, we are concerned and want to make sure you are aware that your child is absent.

How can I get push notifications?

Families who would also like a push notification can download the ParentVUE app and manage their notifications. If a child has an unreported absence when a teacher submits attendance, then a push notification will immediately be sent to the parent/guardian's mobile device.

Interested in push notifications? Simply download the ParentVUE app ([iTunes app store](#) or [Google Play](#)), enable push notifications in device settings and select attendance notifications through in-app settings. Once the app is downloaded, [these instruction](#) will help you complete the set-up.

How do I report an absence?

When a student will be absent, parents should report their absence to the building by calling our phone line at 913-239-3701, or by emailing attendancebvw@bluevalleyk12.org in advance of the absence. Parents and Guardians may also enter full day absences into ParentVUE.

How do I call my student out for an appointment?

When students need to leave during the day for an appointment, contact with the attendance office **TWO HOURS prior to the absence** is requested. The office will then deliver a pass to the student. Any student leaving the building once the day has begun, must sign out in the attendance office and then sign in upon return. Students are able to then leave the building and drive themselves or meet their parent/guardian in the front circle. Parents do not need to come into the building to sign out students.

If a student becomes ill during the day - they must see the nurse. Mrs. Newton will assess the student and then issue a pass for them to go home after making communication with parents/guardians.

Fostering a Safe School Environment

Blue Valley Schools is committed to promoting and fostering a safe environment in and around all of our schools. Through the convergence of physical and intellectual security measures, we are continuously working to prevent, mitigate, respond to and recover from a wide range of emergencies. Please check out [available ways to report safety concerns](#).

Civility Policy

We are thankful for the ongoing partnership and support we experience in our school community. Working together we ensure the best possible student experience allowing them to realize personal success. There are times, however, when issues arise which require our continued collaboration to resolve. Families may utilize the matrix linked on [the district website](#) to best address questions and concerns that may arise throughout the course of a school year. Finally, all staff and visitors should conduct their business free from intimidation, harassment, or bullying. The district's Board of Education states expectations regarding civility within [Policy 6341](#). Again, thank you for your partnership in helping to maintain a safe school community environment for all.

Activities and Athletics Message

We are excited to have your families come to support our high school activities and athletics this school year. It is great to see the entire community at these events. It is imperative that our parent community partner with us as we work to encourage a positive atmosphere for our high school games or events.

- Sportsmanship/officials: We want to give our student athletes the opportunity to play as many games as possible and we need officials to make those games happen. With a local and national shortage of officials, we want to make sure officials continue to choose to work Blue Valley events. The number one way we can create a welcoming environment is for spectators, coaches and student athletes to be courteous and respect the official's decisions.
- Tailgating: Tailgating before games has become a tradition for many students and families. We love to see our community gathering together to enjoy food and tailgate games in our parking lots. As a reminder, alcohol and tobacco are not allowed on district property including parking lots. Outside food and drink is not permitted inside the gates except for unopened water bottles. Please visit the concession stands and support our school groups!

Thank you for your help in making our district events a great experience for all who attend. We hope to see your family cheering for our Blue Valley teams this school year.
