### What We're Learning

**Math:** We jumped right in this week and started Topic 9: Subtracting two digit numbers. We worked on the digital route of 2 and 3 digit numbers. The kids really seemed to enjoy it! I even heard someone say "This is awesome!" coming back from winter break, it was great to hear! ☺

**Reading:** We continued to work on our group community murals. They finished coloring the murals and worked with their group members to decide what important information they were going to write about for their community. We are also incorporating technology and using the app "Thing Link". I can't wait for you all to see them at Pride Night!

**Grammar:** This week we focused on reviewing what we have learned so far this year. On Friday, I had them take a short classifying sentence quiz. These will be coming home with them today!

**Spelling:** This week we took the 3<sup>rd</sup> grade achievement test. I am going to be calling this list "the more challenging word list".

**Writing:** They are still working on their final drafts of their personal narratives. Some students have finished typing, some are in the middle of typing and others are just beginning!

### A Note from Mrs. Petty

It was so good to see all the kids this week! I enjoyed hearing all about their winter breaks!

- We did rearrange the desks today and they got new seats. If anything comes up in regards to this change, please let me know!
