

SCHOOL'S OUT FOR SUMMER!

Daily Math and Literacy
Review Activities For
the SUMMER Months
For Kindergarteners
Entering 1st Grade

Common Core Aligned Activities

Directions

I have used these calendar packets for the past 3 years. I have gotten great feedback from parents who are always looking for summer work for their children. It may seem like a lot of paper to photocopy, although I copy them back-to-back so that the least amount of paper is used. I have found that this summer work has helped the students retain the skills they have acquired in Kindergarten, and has minimized the "summer slide" that occurs over vacation. My students are ready to pick up and begin where they left off when school starts.

Enjoy!

Dear Parent(s),

Welcome to 1st Grade! Congratulations on all the hard work your child has completed this year! I am sure that you have enjoyed watching your child grow into the learner that he or she has become, and are amazed at the difference you see in his or her academic abilities.

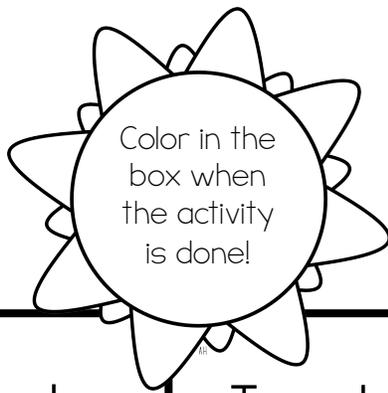

In order to continue along this successful path, I am sending your child home with a Summer Calendar Homework Challenge. I am asking that your child completes the daily activities for both months. Most activities will only take a few minutes to finish. This will ensure that he or she retains the skills they have worked so hard to acquire this year.

Your child may return both completed calendars to school on the first day to receive a prize!

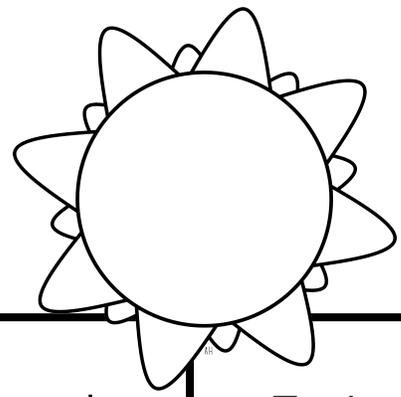

I hope you have a safe and relaxing summer! I look forward to meeting you on the first day of school.

Thank you,

Your Child's 1st Grade Teacher

June

Monday	Tuesday	Wednesday	Thursday	Friday
<p>Fill in the missing numbers on the June calendar.</p>	<p>Are you excited for the summer? Write a sentence about something you will do over the vacation.</p>	<p>Say the name of each picture. Write the letter that each picture begins with.</p>	<p>Say the name of each picture. Write the vowel that you hear in the word.</p>	<p>Add the groups. Write the answer on the line.</p>

calendars back to school
on the first day, and get a
prize for your hard work!

July

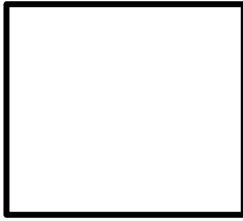

Monday	Tuesday	Wednesday	Thursday	Friday
Fill in the missing numbers on the July calendar.	Draw 5 foods that you like to eat at a cookout. Write the name of each one.	Draw a picture of fireworks. Write a sentence that describes what they look like.	Fill in the missing vowel in each word.	Circle the larger number in the pair.
Count the syllables in each word. Write the number on the line.	Draw 5 animals that you like. Write the name of the animal next to the picture.	Draw a picture using only squares, rectangles, and triangles. Count how many of each shape you used.	Draw a picture to show how to add the number sentence $5 + 4 = 9$.	Solve the addition problems.
Draw pictures to solve the story problems.	Write a sentence telling what you like to do when it is hot. Draw a picture.	Write 3 words that rhyme with each word.	Count the objects. Write the number on the line. Circle the group of objects that is the greatest.	Draw 5 things that begin with the same sound as your name. Write the word on the line.
Write one word for each long vowel sound.	Color the greater number in each pair.	Write 2 sentences telling what kind of pet you have or would like to have.	Say the name of each picture. Write how many syllables each word has.	Draw a picture to show how to solve the number sentence $10 - 5 = 5$.

Tuesday
