

# Student Activities Committee

## **Student Activities Committee Minutes**

**November 16, 2023**

The meeting began with recognizing Tom Mitchell's support and years of service on this committee.

Then committee members were seated according to their area of interest in the six goals of our five-year strategic plan. Each group attempted to identify potential needs, information, and sources of support for their specific group.

High school, middle school and Blue Valley Recreation provided activity and athletic updates.
