

Student Activities Committee

Student Activities Committee Minutes

April 4, 2024

The meeting began with a report on the status of current Blue Valley projects, including building projects.

Matt Ortman created a rough draft of the Activities and Athletics 5-year Strategic Plan based on the work of this committee, which he shared with the group. Committee members were then tasked with reviewing and suggesting changes to move toward a final version. This plan will guide us on a more concise path as we continue to consider additional opportunities for students to get involved and the space required for them.

Activity and athletic updates were provided for Blue Valley Recreation, and high school and middle school staff.
